20 YEARS
A FAMILY RUN BUSINESS

Flamerite Fires was founded in 1999 in the historic city of Lichfield, carrying on a thirty-year family tradition of producing electric fires with outstanding design. Since then Flamerite Fires has led the way in changing the look and feel of what was a basic product, falling out of fashion, into a modern and stylish appliance, sought after by homemakers old and young for rooms of all kinds.

Over its 20 year history, Flamerite Fires has won numerous awards and gained a reputation for integrity, excellent customer service and support for the independent retail sector as well as for producing high quality, innovative electric fires, stoves and suites.

Now, with half a century's expertise in manufacturing electric fires and fireplaces, we proudly welcome a third generation into the family business, who remain committed to building good working relationships whilst being mindful of the need to protect the environment and striving for continuous improvement in everything Flamerite does.

Energy efficient LED fires

SMART eControl
Easy to use iOS & Android app with advanced features to control your fire.

OMNIGLIDE®
A tilting glass panel that enhances the flame picture creating infinity depth, encloses the fuel bed and conceals the heater.

RADIAFlame 3D
A strong and radiant flame image with a deep fuel reflection.

CinderWOOD
A log fuel effect featuring a realistic and internal radiant burn at the heart of your fire.

Smart eControl app and tablet

Easy to use iOS & Android app with advanced features to control your fire.

FEATURES
- Thermostatically controlled heat
- Dimmable LED flame effect with flicker control
- Adaptive 7 day single event programmable heat timer

Download on the **App Store**

GET IT ON **Google Play**

essence

ONE FIRE NUMEROUS OPTIONS

Our stylish Glazer modular range will make a statement in any room. The Glazer is available to purchase on its own as a 3, 2 or 1 sided fire or match it with one of our four suites.

Choose the Exo or Iona to mount on the wall, or Strato or Tropo to stand on the floor. All four suites fit flat to the wall and are easy to install. For something a little more bespoke you can mix and match any of the bases and tops as well as order a chimney breast to a bespoke height (standard 5ft/1525mm). For something a little extra, an optional TV link is also available for both floor standing suites.

The fires can be controlled both manually and via Bluetooth. Flamerites Fires award-winning Smart eControl app allows use of the advance features, which include a thermostatically controlled 1.5kw heater, two dimmers, flicker and an adaptively controlled 7 day heat timer.

FOLD OUT THE COVERS FOR FIRE INFORMATION

Fold-out both sides of the outer cover as you navigate through the brochure for more information on all our products.
